The Sage

Adam, let Eve be, come and
Lie with me and make the
Future free. No woman was
There to say things as
Sweet as these to save
Us from the primal iniquity.

If Uriah was not deprived
Of his treasure,
The word of God would have
Been starved of wisdom.
In wisdom, the sage chooses
Many to accompany his life.

One way we go when with
One companion we
Choose to ride. Many companions
Makes a journey life.
